

Partner Track Diagnostic Radiologist-Neuroradiologist

Position: Partner Track Diagnostic Radiologist- Neuroradiologist
Covering a mix of onsite and at-home shifts

Location: Winston Salem, NC

Brief Description: Triad Radiology Associates, a well-established, dynamic private practice of over 50 radiologists and 7 midlevels/Assistant Practice Clinicians, is seeking a partnership-track, fellowship-trained neuroradiology radiologist due to continued growth and upcoming retirement. Fellowship expertise in modern neuroradiology is required. You will join a dynamic neuroradiology team and become a key part of leading tertiary care vascular, spine, and oncology centers. You will participate in multidisciplinary tumor clinics, imaging protocol development, and face-to-face consultation with neurologists, surgeons, oncologists and other physicians.

Partnership track is typically 2 years. We offer an extremely competitive private practice salary with ample opportunity for lucrative internal moonlighting and generous time off. No overnight call is required as we have a robust group of internal night radiologists; weekend call is reasonable and equitably distributed. The group values a mix of hard work, outstanding patient care, and lifestyle factors.

You will be supported by a host of resources including an industry-leading radiology IT section with proprietary productivity/efficiency radiologist dashboards, robust quality & safety metrics, hospital- and outpatient-based reading room assistants, clinical operations team, AI tools, etc. TRA's mission is to remain an independent private practice and has a strong, longstanding relationship with our primary hospital partners. As a partner with TRA, you will enjoy the ability to influence on a daily basis both your clinical practice and your lifestyle through participation in our local governance structure, free from bureaucracy and corporate limitations.

Come live in a vibrant city ranked 6th in the nation on Forbes' list for new job creation in 2020. Golf, cycling, hiking, college and minor league sports, and the arts highlight activities in our city known for easy low-cost, family-friendly living. Winston's downtown is in the midst of an exciting revitalization centered around the Wake Forest Innovation Quarter with new tech businesses, hotels, retail, restaurants, breweries, etc appearing near-daily. One of Novant's flagship hospitals, Forsyth Medical Center in Winston-Salem, has approximately 1000 beds, and at TRA we perform approximately 1,000,000 radiology exams per year, covering locations from the Upstate of SC to the coast of NC, with a year-over-year growth of around 10% each of the last 2 years.

Please send a brief cover letter, CV, and a reference list to the contact provided. We thank you for your interest.
